

For Immediate Release

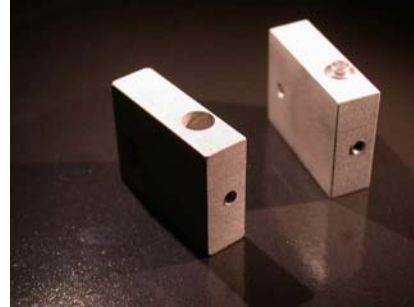

7/7/2007; SIPAD Systems Inc. offering custom printer style accessories.

SIPAD Systems Inc. now offers tooling pins and blocks compatible with MPM SPM and other style printers.

As an added feature, these tooling blocks utilize a quick change feature

that enables the operator to change pin sizes without the use of an arbor press. Just a small allen wrench and changing pins becomes fast and easy.

Also available from SIPAD Systems, magnetic tooling blocks and pins. Set includes 10, 1 inch high magnetic tooling pins plus 3 sizes of blocks. 2x2, 2x4, and 4x4 inches. Extra strong magnets keep the blocks in place during operation.

Contact SIPAD Systems Inc. for pricing and delivery.
